KADENA

HOSPITAL ALLIANCE

Problem

SUPPLY - Hospital supply was easily exhausted because of COVID-19 Pandemic.

COORDINATION - Lack of coordination in the system made it hard to Identify who needs what, & when.

COMPETITION - Hospitals & States are competing for essential supply & resources in the middle of an emergency.

Their Solution

7-State Based Consortium

1. New York
2. New Jersey
3. Massachusetts
4. Connecticut
5. Pennsylvania
6. Rhode Islands
7. Delaware

7 States formed a regional alliance to reduce competition & increase purchasing power to compete with private business & federal government on buying essential hospital equipments.

Our Solution

Hospital Alliance Platform

A Platform for hospitals where they could:

EXCHANGE

Exchange or borrow equipments with each other.

COLLABORATE

To strengthen the overall healthcare system.

INNOVATE

To share research & development with each other.
